Happiness & Fulfillment

You have been endowed with the common sense and clarity to know what you really want. Lucid and practical, you seek happiness in the environment and are unafraid to expand your horizons, easily recognising fears and working them through. But be cautious. If you are always thinking of your own welfare and are inconsiderate of others, your chance of happiness are minimal.

Life Style

Children will give you tremendous motivation to set goals and accomplish them. You feel a responsibility to them and must not let them down. Use this motivating factor to its fullest, but be sure that you are doing what you want to do and not directing your efforts in an area which you do not like just because of your sense of responsibility.

Future Prediction Report

12

Health

Saturn transiting over natal Moon indicates health problems. You are liable to attacks of sciatica and rheumatism. As first house is the house of health, you should start exercising and taking care of your health, otherwise you can be caught by chronic diseases. If possible, look upon the week-end as a time for complete rest and not one in which to do all the odd things that have been held up during the week. Too much excitement is decidedly bad and a time of hurry and flurry will take more out of you than it will from most people. Therefore, try to live a serene and peaceful life. Do not worry over what cannot be helped. You may suffer from such diseases like insomnia, neuralgia, headaches and eye-strain after the **age of 41**.

Future Prediction Report

13

Family Life

You are the person who has become everything on your own efforts. It doesn't matter to you if your family supports you or not. Your Spouse will have all the qualities of a good supporter. Your children will be lucky. Life partner will be quite intelligent and expert in daily routine works.

Occupation

There are many forms of work that you could take up with entire success. Whatever you turn to, you will engage in with all your might - one at a time. Then, if monotony or routine plays a large part in the chosen occupation, you will become restless and look for a complete change. Accordingly, you must see to it that, at the outset, you choose a form of work possessing plenty of variety. You should think of nothing that keeps you seated in an office, since you need movement.

Future Prediction Report

14

Finance

In matters of finance you will be fortunate and will be likely to acquire considerable wealth. You will be careful in speculation, investing your money in solid concerns and in building up industry and business. As a rule, you will be more lucky in money matters than otherwise, having much given to you and meeting great opportunities. If you had to go into business you would make a success of enterprises connected with the luxurious side of life more than any other, such things as the decorations of homes, millinery, dresses and flower shops, the catering of food, restaurants or hotels. Your class of brain is of a very clever order but so quick and versatile that you would tired easily of any routine or monotonous life.
